Directions to OASES

1. Use the main entrance off University City Boulevard (Route 49).

2. Take the first right out of the traffic circle onto Mary Alexander Road. You will pass Robinson Hall on the left.

3. East Deck 1 Visitors Parking will be on the right, park in this deck. Pass through the gate to receive a ticket. If there is no gate, it is the wrong parking deck. Parking is $5/hour. Carry the ticket with you and OASES will provide a parking token for you to use to pay at the walk-up machine upon returning to the deck.

4. Leave the parking deck, cross Mary Alexander Road toward campus. Cato Hall is on the right. Take a right to walk in front of Cato and take your first left to walk past Fretwell, which will be on your right.

5. Behind Cato Hall and to the left of Fretwell is a lawn with the Self-Made Man statue.

6. Past the lawn, straight ahead, is a two-story brick building with a walkway bridge and green barricade around the entrance. The OASES Denny satellite location is located on the first floor of the brick building on the left of the walkway, in the Denny building. Walk toward the building and enter the first entrance on the left. Once in the building, walk through another set of double doors and look to your right. The OASES Office is room 108 in Denny. Travel time from the parking deck to the office is about 4-6 minutes.
