“The transition back to the university was somewhat challenging. I hadn’t had any type of formal learning in 27 years so I was fearful of returning to this type of arena, but my very first professor was there to encourage and guide me through the process.” B.A.

“I work really hard to participate in class and get good grades because I feel a certain stigma is associated with having kids while still in college. I want to prove that just because I chose a different path than most, I can still have a successful career.” M.M.

1. Class Sizes
   - Be prepared for class sizes ranging from 15 to 200 students. UNC Charlotte is a large institution of almost 30,000 with classes running daily. Don’t let this intimidate you from diving in!

2. Time Management
   - Buy a planner or utilize an electronic calendar. Enter the dates from all your syllabi the first week of class. Also, include important registration dates from the Academic Calendar such as drop/add, withdrawal, and registration deadlines.

3. Meet with your Advisor and E-mail
   - It’s important to meet with your Advisor regularly to develop a plan for completing a major/degree. Find your assigned advisor in Connect, and be sure to check email AT LEAST once a day. Email is the official form of communication for the university.

4. Writing Resources
   - It may be a while since you’ve had to write a college paper, and there are resources to help prepare your writing to meet your professor’s expectations. Explore the Writing Resource Center and use the Librarians in the Atkins Library to learn how to research, revise, and become a better writer.

5. You are NOT alone!!!
   - This is a question we hear often from adult students. If you’re worried about feeling alone in this journey, we hope you’ll find solace in that there are almost 5,000 adult students on campus in similar situations. Use OASES as a resource to connect with other students and know our doors are always open to help!

Scholarships have been established through outreach to sponsors specifically supporting nontraditional students who want to earn their degrees at UNC Charlotte. Our three unique scholarship categories are the OASES, Carol A. Douglas Reentry, and the Osher Reentry Scholarships. These scholarships have been designed specifically for adult and nontraditional students. The National Center for Education Statistics’ definition of nontraditional students includes individuals who may have delayed enrollment into postsecondary education by a year or more; those who are employed full time while enrolled; students who attend an institution part-time; individuals who are financially independent from parents; those who have dependents other than a spouse; are a single parent; or do not hold a standard high school diploma.

The OASES Scholarship program has been established by individual donors, organizations, and clubs to support UNC Charlotte students. Donors have created scholarships to specifically assist nontraditional students in completing their degrees. OASES encourages first degree, undergraduate, nontraditional students to apply. Criteria for OASES scholarships located on the Niner Scholars Portal.

The Carol A. Douglas Reentry Scholarship was established by Carol Ann Douglas, a generous benefactor and loyal supporter of the Office of Adult Students and Evening Services (OASES) at UNC Charlotte and the Friends of UNC Charlotte. Carol established this scholarship fund, modeled after the national Bernard Osher Reentry Scholarship program, to fund scholarships to reentry students served by the OASES. A believer in higher education, Carol generously supported adult learners returning to school to earn degrees while working. Criteria located on the Niner Scholars Portal.

The Osher Reentry Scholarship was established by the Bernard Osher Foundation for adult students who desire to resume their undergraduate studies to complete their degree. The Bernard Osher Foundation has endowed a permanent scholarship fund in the Office of Adult Students and Evening Services for reentry adult students. Awards are made to ensure greater scholarship support for students who desire to resume their undergraduate studies to complete their degree. It is intended to benefit students who have considerable years of employability ahead of them. Criteria located on the Niner Scholars Portal.

To apply for scholarships offered by OASES, please complete the Niner Scholars application portal located on the University Scholarship Office website. Scholarship applications are available in Fall. Deadlines vary, but are typically around the middle of Spring. Refer to the University Scholarship Office portal for deadline information.
When applying for Financial Aid, the FAFSA is the only form required.
The priority deadline is March 1st. It can be submitted as early as October 1st. Applying early is encouraged!
Our school code is 002975 and should be used when inputting your data.
If you have applied for the Spring or Summer terms, submit your FAFSA as soon as possible. Awards are made until funds are depleted.
All students must reapply every year for financial aid. Filing the FAFSA is required for all students annually to reapply.

STEP TWO: ACCEPTING YOUR AID

- You can view and accept your aid on your My UNC Charlotte account.
- If you are a new student, your NinerNET user name was provided on your acceptance letter from Undergraduate Admissions.
- After logging in, click on ‘Banner Self-Service’ to check your financial aid status and accept and/or deny your awards.
- An in-depth review of the acceptance process can be found on the Financial Aid website at finaid.uncc.edu.

STEP THREE: RECEIVING YOUR AID

- Some funds will go out the first week of class. Grants and scholarships may not disburse until after the drop/add period ends.
- UNC Charlotte sends eBills via your UNC Charlotte email account once you are enrolled in classes.
- This eBill will reflect charges, credits, and the payment due date.
- If you wish to pay in installments, you may sign up for the payment plan through my.uncc.edu. There is a fee per semester to enroll in the payment plan.
- Visit studentaccounts.uncc.edu to learn more about the payment plan and associated fees.

STEP FOUR: KEEPING YOUR AID

- It is important to remain in good academic standing to keep your aid.
- Changes to aid can occur when your GPA falls below 2.0, if you withdraw from the University, if you change full-time/part-time enrollment status, or if you accept other aid.
- If you have specific questions about how your aid may be affected based on these changes, please contact the Office of Financial Aid.

Writing Resources
• It may be a while since you’ve had to write a college paper, and there are resources to help prepare your writing to meet your professor’s expectations. Explore the Writing Resource Center and use the Librarians in the Atkins Library to learn how to research, revise, and become a better writer.

• This is a question we hear often from adult students. If you’re worried about feeling alone in this journey, we hope you’ll find solace in that there are almost 5,000 adult students on campus in similar situations.

First Day of Class
• Arrive extra early for class during the first week. Add at least 15 minutes on to your estimated travel time to be sure you find parking and your classroom on time. Email
• It’s important to meet with your Advisor regularly to develop a plan for completing a major/degree.
